

Survey work on local roads around Muswellbrook from mid-March 2025

March 2025

EnergyCo is carrying out survey work on local roads to inform our planning for the New England Renewable Energy Zone (REZ).

What are we doing?

We will carry out survey work in the road reserve using handheld survey tools, mounted tripods and light vehicles.

This work is necessary to inform our environmental assessment and design for the New England REZ.

We will also carry out investigations on or adjacent to local roads around Muswellbrook to inform planning, including:

- utilities location and tracing
- inspection of power poles and other structures

Work will be carried out on local roads around Muswellbrook, including Bengalla Road, Wybong Road, Kayuga Road, Invermein and Stair Streets.

Work hours and timing

We will be working from **the week commencing Monday 17 March between 7am and 6pm, Monday to Friday.**

Work is expected to take up to 4 weeks to complete.

What will this mean for you?

The roads will remain open and there will be minimal impact to road users while we are carrying out survey work.

Work in some areas will be signed 'surveyors on road' while the surveys are carried out.

If any access to private property is required, we will consult with landowners directly to arrange access.

Activities on local and state roads may require traffic control, reduced speed limits and temporary lane and shoulder closures for the safety of pedestrians, workers and motorists. Please keep to the speed limits and follow the direction of traffic controllers and signs.

Managing our impacts

We aim to manage our work to minimise impacts to the community and the environment. Noise from these activities is expected to be minimal. Access to properties will be maintained at all times.

Contact us

For more information, you can get in touch with our team by calling **1800 061 114** (9am to 5pm, Monday to Friday) or by emailing nerez@energyco.nsw.gov.au. You can read more about the New England REZ by visiting energyco.nsw.gov.au/ne.

If you need help understanding this information, please contact the Translating and Interpreting Service on **131 450** and ask them to call us on **1800 061 114**.
